RE: Swimming South Africa's Swim School Registration

Swim Schools/centres are invited to complete an on online registration posted on the Swimming South Africa website. The process will be managed using the following three phases:

1. The on line registration
2. An online form, which will enable SSA to understand the day-to-day operations of the swim school. (One of the requirements for swim schools is to register the LTS swimmers on the SSA National database and there is no capitation fee payable for LTS swimmers as SSA subsidizes the costs)
3. Assessors site visits to the registered swim schools.

After verification of each phase, Swimming South Africa will communicate directly with the swim school owners to finalise the accreditation process.

Registration is R100 per annum and it must be paid to the Provincial affiliates account. Annual registration will be similar to instructor's registration at the beginning of each financial year.

Yours Sincerely,

A handwritten signature in black ink, appearing to read "Adriaanse".

Shaun Adriaanse
Chief Executive
