Dear CTA Clubs,

Please see rules below;

- Swimmers had to compete in a total number of 5 CTA MEETS during the 2022/2023 season to be eligible to compete at the CTA A Championship.

- Swimmers had to compete in a total number of **5 CTA MEETS during the 2022/2023 season** to be eligible to compete at the CTA B Championship.

Should a swimmer not have swum the required amount of CTA MEETS –

1. Swimboard will evaluate each club's concession request to compete at CTA Champs, based on the meets entered for out of district meets instead of CTA meets on the same date.
2. i.e., Should a swimmer have swum ONLY 2 CTA meets for the current season up until entries are due for CTA Champs, said swimmer will be allowed to compete.
3. However, should a swimmer have swum 5 meet of which only 2 were CTA meets, said swimmer will not be eligible to swim CTA Champs.
4. This rule is in place to prevent swimmers to compete in out of district meets , that is hosted on the same date instead.
